

June 22, 2020

Dear Valued Customer,

Exciting things are happening at The Angelus Corporation and we want to share some important news with you. It is our pleasure to announce that we are expanding our business to a new headquarters. Since we opened for business nearly 50 years ago, loyalty from customers like you has fueled continued growth and now we need more space to serve you better. Given the current times of the COVID-19 pandemic, the additional space will also allow for better social distancing and provide added safety for our staff and visitors.

Our business will be fully operational during the moving process and you will not experience any changes or delays in service, production, or shipping during this time. We will continue to offer the same friendly service at our new address, starting on Monday, June 29, 2020.

Please update your records with our new contact information:

*The Angelus Corporation
W220 N1051 Springdale Road
Waukesha, WI 53186*

Our phone numbers and email addresses will remain the same, as will our website address and social media accounts.

As a valued customer, we thank you for your business and for taking the time to update your records. If you have any questions about the new location or our services, please call us at (262) 246-0500 and we'll be happy to help. We look forward to serving you at our new location!

Sincerely,

John P. Lytle

Global Sales & Marketing Director

W220 N1051 Springdale Road Waukesha, WI 53186 | 262.246.0500 | www.TheAngelusCorp.com

The Angelus Corporation is a global products and services provider of aerospace & defense industry solutions and comprised of two divisions: Pic Wire & Cable and CertifyNation.
